

MEASLES OUTBREAK

What is Measles?

It is a severe disease caused by a virus and can be contaminated through infected air or infected person

Symptoms

- >Fever
- >Dry cough
- >Runny nose
- >Sore throat
- >Skin rash
- >Inflamed eyes (conjunctivitis)

How to prevent

- >getting vaccinated

Masvingo City Council is encouraging all children aged 12 months to 6 years to be vaccinated and if they have any symptoms they should immediately seek medical attention by visiting any nearest clinics.
